1. The following is an examiner's statement of reasons for allowance:

In an additive manufacturing process of the type wherein material increments are consolidated at a bond zone to produce a part, the prior art does not teach or make obvious the concept of maintaining consistent energy delivery to the bond zone, maintaining consistent stiffness and mechanical resistance to vibration in the bond zone and maintaining uniform thermal conditions in the bond zone in the manner claimed by the applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
